

## **Greenbank Primary School PE and Sport Premium Strategy Statement 2018-19**

As a school, Greenbank Primary School have always been committed to PE and Sport and now with the government funding we are able to provide our children with the best possible PE and Sport provision. Greenbank Primary School has developed its vision for PE and school sport around five key targets, as we believe these give our children the best chance of succeeding in physical education:

- All children will have the opportunity to partake in a variety of physical and sporting activities of their choosing both during PE lessons and in extra-curricular clubs.
- All children will be encouraged to experience healthy competition against their peers and will be taught the value of competing against themselves by setting SMART (specific, motivational, attainable, realistic and timed) targets in areas of their choosing.
- All children will improve their determination, sportsmanship and resilience through organised competitions in which their teacher will model how to respond when winning and losing.
- All children will have the ability to make appropriate, life-long choices about living a healthy an active lifestyle.
- All children will leave Greenbank Primary School physically literate. They will have a deep understanding of how their body works and how to improve the core areas of health, fitness and mobility.

We also believe it is paramount that children understand the link between exercise, physical literacy and educational success. Those children who participate more regularly in sport and physical activity have greater levels of concentration and improved communication skills.

### **Aims and Objectives**

1. In line with the Department of Education (DfE), a high quality physical education curriculum inspires all pupils to success and excel in competition sport and other physical activities. It should provide opportunities for pupils to become physically confident in a way which supports their health and fitness. Opportunities to compete in sport and other activities build character and help to embed values such as fairness and respect.
2. The national curriculum for physical education aims to ensure that all pupils:
  - Develop competence to excel in a broad range of physical activities
  - Are physically active for sustained periods of time
  - Engage in competitive sports and activities
  - Lead healthy, active lifestyles

### **PE and Sports provision at Greenbank**

Our sports provision is delivered by specialist PE Coaches and by Liverpool School Sports Partnership. All lessons are delivered to a very high standard and are overseen by the PE co-ordinator. All children are taught and have access to a games, dance, swimming and gymnastics curriculum in which they are assessed on a regular basis can progression is clear to see throughout the key stages. During these units the children have the opportunity to compete against each other with the possibility to compete against other schools. During lessons children are encouraged to self-assess their learning. As well as delivering PE sessions we provide our children with highly engaging and motivating extra-curricular sessions during lunchtimes and after school. We also have other clubs that are delivered by other members of staff, including a gymnastics club delivered by a specialist sports coach.

### **Funding allocation - academic year 2018-19 for schools who are eligible**

Schools receive PE and sport premium funding based on the number of pupils in year 1-6. In most cases, the number of pupils who attract the funding is determined using the data from the January 2018 school census. School with 16 or fewer eligible pupils receive £1000 per pupil. Schools with 17 or more eligible pupils receive £16,000 plus £10 per pupil.

Our funding for the 2018-19 academic year is £22,726 with an additional estimate of £35,000 of school funds.
